

To help educators prepare their students to meet and exceed the rigorous academic expectations and demands of the 21st century, Certica Solutions offers the Formative Assessment Item Bank™, a dynamic, professionally developed Item Bank used for creating custom assessments at the district, building, and classroom levels. With the Item Bank and a platform offered by a provider within the Certica partner network, educators can:

- ✓ **Search** for items by useful metadata
- ✓ **Select** items that closely reflect instruction
- ✓ **Create** custom assessments tailored to students
- ✓ **Administer** tests online to prepare students for computer-based required state or district testing
- ✓ **Assess** students' understanding of concepts and preparedness for next-generation assessments
- ✓ **Analyze and Track** results to monitor student progress and measure achievement

Interactive Item Types

The Formative Assessment Item Bank offers a wide variety of item types to assess standards mastery, while allowing students to become comfortable with new testing methods used in several high-stakes assessments. The Item Bank includes traditional items as well as the following technology-enhanced items types.

Item Type*	Description
Choice Multiple	Student selects from 3-5 answers, of which 2-5 are correct.
Gap Match	Student places image(s) or piece(s) of text from a list of options into a defined area.
Graphic Gap Match	Student places image(s) from a list of options into a defined area on a graphic background.
Hot Spot	Student selects defined area(s) of a background image in order to answer the question.
Hot Text	Student selects defined piece(s) of text from the item in order to answer the question.
Inline Choice	Student selects one choice from a dropdown node with multiple options.
Ordered	Student arranges components into their proper order based on the presented question.
Text Entry	Student types in the correct response.
