

Illinois | **Implemented:** 2007 | **Schools:** 1
Enrollment: 2,204 | **Product:** SMS 2.0 Student

Summary

After switching to Skyward and using Student and Family Access, Pekin Community High School District 303 saw an immediate impact on communication and engagement within the district community.

Benefits at a glance

- Higher engagement and communication within the district
- Paperless schedules, report cards, and progress reports
- Students proactive in their own education
- Reduced volume of mail

“

Report cards and progress reports postage ran us between \$8,000 and \$9,000 a year—just for that piece. Now with paperless report cards, we reduce the volume of returned mail the district had dealt with.
