

Illinois District Saves Thousands of Dollars Annually with Effective ERP Solution

Woodstock Community Unit School District #200 | Woodstock, Illinois

Enrollment: 6,620 | Employees: 1,200 | Schools: 23 | Implemented: 2024

Thanks to a clear focus on innovation and efficiency and adoption of Qmlativ, Woodstock Community Unit School District #200 has quickly made remarkable progress in overcoming major business office challenges. By converting to a paperless business office, D200 has made significant time and cost savings, allowing them to reinvest where it matters most. Discover how!

Skyward Business Suite benefits:

- Significant time savings
- Impressive cost savings
- Paperless business office
- Dedication to efficiency

In the words of Woodstock Community Unit School District #200, Skyward has been nothing short of revolutionary. Since adopting Qmlativ, D200 has tackled significant business office challenges in a short time, delivering impressive results that speak volumes about their commitment to efficiency and innovation.

One standout achievement is D200's move to a paperless system. With just one person at the helm, the district mechanized and scanned all accounts payable invoices, drastically reducing paper use. They've also transitioned payroll remittance advices and time-off tracking to Qmlativ, enabling easy online requests and approvals. D200 is

currently working on implementing the time tracking feature to eliminate timesheets altogether, bringing even more efficiency to district operations.

The savings and efficiency gains D200 has made have been truly impressive. Some of the standout numbers include:

- 10 hours saved each month by eliminating the need to print and distribute paychecks.
- \$10,000 saved annually on check stock, envelopes, and toner.
- \$80,000 per year saved in support costs for their previous financial system, now replaced by Skyward.
- \$7,000 per year in tax software support savings.
- \$6,100 per year saved on printing software support.

These savings not only reflect a more efficient operation but also allow D200 to reinvest resources into improving services for students and staff. With Skyward at the forefront, D200 is setting the bar for innovation and cost-effectiveness in Illinois school districts.
